

**Art Acquisition by Application Program**  
**April 1, 2022**  
**General Expert Panel Comments**

---

Comments made by the expert panel during its assessment of the applications submitted to the April 1, 2022 Art Acquisition by Application program include:

- The expert panel would like to thank the artists for participating in the program. By submitting to the program, artists contribute to the continuing development of Alberta's cultural legacy. Every submission, whether successful or not, makes a valuable contribution to the selection process, demonstrates the health of the program and assists with future planning for the collection.
- Applicants are encouraged to include information about why they chose to submit the artworks they did. This assists the expert panelists in their evaluations of the artworks.
- Applicants are encouraged to submit images that show the details and angles of artworks. Images are often the expert panelists' first introduction to the artwork and informs their review process.
- Artists are encouraged to submit project specific statements about their practice to help the expert panelists' understanding of the artworks submitted.
- Applicants are encouraged to include information about the materials and methods chosen to create the artworks submitted in their applications.
